

## Wings of America Shoe Distribution Program Application

Through the generous donations of Nike, Inc., Wings of America is proud to offer training and/or racing shoes to American Indian student-athletes participating in their school or community running program(s). Though sizes are limited, the organization will do its best to fulfill requests upon payment of a small per-pair processing fee to help cover storage and administrative costs (\$5.00 for self pick-up, \$10.00 for drop-off by Wings employee when convenient, \$15.00 when shoes must be shipped via UPS).

Once your application form has been received, Wings will contact you and/or your parent/guardian to discuss what items are available in your size (if any). Processing fees must be paid **before** shoes can be distributed.
