2018 BOSTON MARATHON "PURSUIT" PROGRAM  
FOR CURRENT HIGH SCHOOL JUNIORS  
APPLICATION DUE: MARCH 16 2018

---

*"Our young people must have a dream and hope. Running is a means of healing."*  
-Billy Mills

**Background:**

At the 2016 Boston Marathon, the Boston Athletic Association (B.A.A.), Harvard University, Running Strong for Native American Youth, and Wings of America partnered to celebrate past Native American and First Nations Boston Marathon champions. Through a series of speaking presentations, panel discussions and receptions hosted by Harvard and the B.A.A., the legacy of legendary runners like "Tarzan" Brown (Narragansett), Tom Longboat (Onondaga), Andrew Sockalexis (Penobscot), Billy Mills (Oglala Lakota) and Patti Dillon (Micmac) came to life. A select few adult runners also got the opportunity to raise money and awareness for Indian organizations by training for and racing the Marathon.

Wings of America has continued this partnership with the B.A.A. and Harvard University to use "Marathon Weekend" as an opportunity for learning, conversation, relationship building and healing. **For a second year, Wings will select 5 high school juniors to travel with the organization to visit colleges and experience the Boston Marathon.** Through the fundraising efforts of Wings supporters that have agreed to train for the marathon and promote the "Pursuit" Program, selected students will be invited to travel with Wings to participate in:

- College counseling and a dorm stay facilitated by Boston-area Universities.
- Speaking engagements, tours and workshops that expose students to the realities of continuing their education.
- The B.A.A. 5K hosted on the Boston Common the Saturday before the Marathon.
- Museum and research institution visits in the Boston area.
- The B.A.A.'s youth event (as volunteers) the Saturday before the Marathon.
