2020 WINGS NATIONAL TEAM SELECTION

Attention Native Runners

The next USA Cross Country Championships will be held January 18, 2020 in San Deigo, CA. Once again, Wings of America will sponsor a team to represent Native America in the Junior men’s and women’s races. The organization will cover travel expenses and room and board for the fourteen young men and women selected to race in Wings uniforms. In addition to the trip to California, Wings will host 2020 team members in New Mexico during winter break for a multi-day training camp December 27-31.

Wings created this opportunity in order to showcase the talents and positive achievements of American Indian youth and provide them with a cross-cultural learning experience. The program brings Native youth together from across the nation to compete as a team in an elite field of both high school and college runners. Many program alumni have earned the attention of college coaches and/or a spot on a junior national team to compete internationally. Wings teams have captured thirty-one national titles since their debut in 1988.

“Junior” Eligibility Requirements: Qualifying athletes must be 14 years or older on the day of competition (January 18, 2020) and cannot turn 20 during 2020.

1. Complete the 2020 Wings National Team application on the Wings website no later than December 8, 2020
